Work Experience

[AITS] | Junior Software Developer **April'28- Present**

- Performed manual testing on a Procure-to-Pay (P2P) system, identified bugs, and resolved them independently
- Built edit pages and audit history reports (C#, JavaScript, ASP.NET) that track field-level changes — old values move to history, updated values reflect on the current record
- Designed and built HRMS screens replicating ERPNext's HR module UI end-to-end
- Implemented bi-directional data sync between the custom HRMS and ERPNext via API integration (API key/secret-based auth) — create, update, and delete operations on employee records sync both ways in real time
- Created custom Doctypes and Jinja2/HTML-based print formats in Frappe/ERPNext
- Managed local development and deployment workflow: fixture export and Git-based push to production

C-Tech Continentals | Full-Stack Web Developer Intern **Jun'20 - Aug'20**

- Developed an e-commerce web application for online book sales
- Built features for browsing, categorization, and purchasing
- Worked on front-end, back-end, and database integration
- Collaborated to debug issues and improve application performance

Technical Skills

Languages: C#, JavaScript, Python, SQL

Frameworks/Platforms: ASP.NET Web API, AngularJS, Frappe/ERPNext

Templating: Jinja2, HTML, CSS

Database: MySQL, LINQ-to-SQL

API Integration: REST APIs, key/secret-based authentication, bi-directional sync

Tools: Git, GitHub, VS Code, Visual Studio

Projects

Marathi Sentiment Analysis Web App

- Built a web app to classify Marathi text sentiment using **Machine Learning & NLP**
- Used Python, Streamlit, and ML models (SVM, Logistic Regression, Random Forest)
- Achieved ~85% accuracy using TF-IDF vectorization
- Integrated backend using Flask and evaluated performance (Precision, Recall, F1-score)

Premliz.com

- Contributed to a collaborative production-ready project
- Designed and optimized MySQL database with indexing techniques
- Implemented secure user roles and restricted root access
- Improved database performance and data handling efficiency

Education

Konkan Gyanpeeth College of Engineering **2021 – 2024**

- *B.E. in Information Technology* | ***7 CGPA***

Pillai HOC Polytechnic, Rasayani **2018 - 2021**

- *MSBTE Diploma in Computer Engineering* | ***78.91%***

Abhinav Gyan Mandir, Karjat **2006 - 2018**

- *Maharashtra State Board (Class X)* | ***70.60%***

Certifications

Web Development – C Tech Continentals

SQL (Database Management) – ITDAKSH

Portfolio Website with HTML & CSS – Coursera

Other Skills

- Communication & Leadership
- Problem Solving & Decision Making

Languages: **English | Hindi | Marathi**
